 - Interpersonal Skills
-

Work Experience

React Front End Developer | Intern | Linkare | Jan 2022 to Present

- Working in a team setting bringing Firebase application features to a website using React
- Managed Firebase database information and displaying it on the Linkare website
- Using communication skills to highlight issues and develop as a team
- Assisted other interns with technologies I had knowledge in, including Firebase and NodeJS

Student Worker | UC Riverside Veterans Resource Center | Aug 2019 to Jun 2021

- Assisted and communicated with student veterans with information and assistance with school and government benefits

Student Worker | College of the Desert | Sep 2017 to Jun 2019

- Assisted and communicated with students with school information, and oversaw the school's print lab
- Managed and worked with the school's photo ID software, including troubleshooting

Logistics Specialist | United States Marine Corps | Sep 2013 to Sep 2017

- Operated on and directed logistics teams dealing in military operations.
 - Awarded Navy and Marine Corps Achievement Medal for work excellence, attained rank of Sergeant
-

Featured Projects

myCharitySearch

Repo Link - <https://github.com/alonzofroman/charities-project>

Site Link - <https://alonzofroman.github.io/charities-project/>

- A site using Web APIs to allow users to locate a reputable local or global charity by location or charity type.
- Handled API calls for global charities, including filtering results to prevent non-rated charities, and displaying them in a list format with their appropriate information
- Tools Used: Handlebars, Web APIs, HTML, CSS, Javascript

Haunted Forum

Repo Link - <https://github.com/alonzofroman/haunted-forum>

Site Link - <https://warm-springs-18820.herokuapp.com/>

- A forum site that allows users to create accounts and create posts for haunted sightings in their area. Includes a log-in system, organizes posts by location, and includes a “like” system for posts.
 - Created the ‘like’ system, assisted in post organization, and display of post information.
 - Tools used: Handlebars, HTML, CSS, Javascript, MySQL, ExpressJS, Heroku
-

Education

Full-Stack Web Development Coding Bootcamp | UC Berkeley Extension | Aug 2021 to Dec 2021
